

EMPOWERING RAILWAY SOLUTIONS

bächli
innovation – transformation

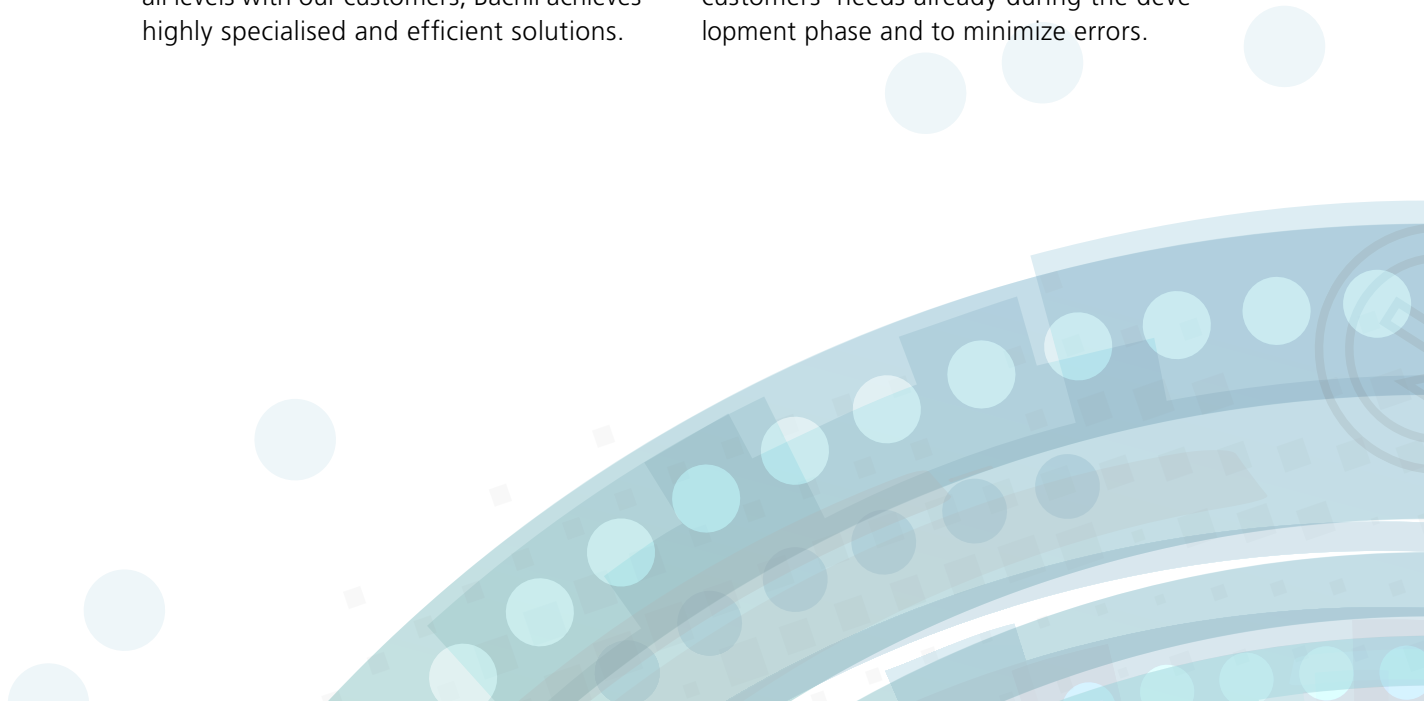

SWISS TECHNOLOGY FOR THE INTERNATIONAL RAILWAY INDUSTRY

Bächli's products are used in various industries such as the railway industry, the machine and drive technology, the medical technology, the nuclear power and chemical plants as well as in the research and development branch.

A team of about 30 employees offers an exhaustive, flexible and individual service. Through close and personal cooperation at all levels with our customers, Bächli achieves highly specialised and efficient solutions.

During the development phase, innovative and smart approaches will be discussed together with the customers; these paths will be then further developed during an intensive design and prototyping phase to make the result production-ready.

Thanks to the latest simulation softwares for electrical, thermal and mechanical calculations, it is possible to optimally meet customers' needs already during the development phase and to minimize errors.

THE MANY YEARS OF EXPERIENCE OF **BÄCHLI CREATE TRUST**

The processes regarding the development and production phases observe the current standards such as EN, UL and CSA. The ISO certification and the TQM as a performance management system guarantee the compliance to the requirements of the transport industry active on the international stage

SMART-E® **THE SOLUTION FOR TOMORROW'S CHALLENGES**

With Smart-E®, Bächli offers its customers innovative solutions concerning the planning, calculation and implementation of energy-efficient transformers. They include compact inductors driven by 100% natural convection even for a performance going up to several hundred kilowatts. With Smart-E®, transformers can be built smaller and driven with excellent efficiency. Development and energy costs are thus sustainably reduced.

INTERNATIONAL INDUSTRIAL CUSTOMERS

Numerous international customers rely on the experience and know-how of the Bächli's specialists and use the components in their industrial solutions.

WE WOULD BE PLEASED TO ADVISE AND
SUPPORT YOU IN YOUR INDIVIDUAL PROJECTS.

**WE ARE LOOKING FORWARD
TO HEARING FROM YOU.**
